Caroline Mackie	СМ	Public Health Lead (DCC) (on behalf of Ellie Houlston)

Ref:	Item	Action
1	Declaration of Interest (DOI)	
	SH reminded committee members of their obligation to declare any interests arising at committee meetings that may conflict with the business of the CCG.	
	Declarations made by members of the CPAG are listed in the CCG's Register of Interests. The Register is available via the Secretary to the Governing Body or on the CCG's website.	
	AM declared conflict of interests for JAPC which require transfer to CPAG.	
	Actions:	
	• AB to obtain DOI for AM from JAPC and update the DOI list for CPAG. This can then be signed off as accurate record at the August meeting.	AB
	Review DOI for members of CPAG who have retired from the group and confirm with Corporate function implications for the register.	AB
2	Welcome, Introductions, Apologies, Quoracy	
	Apologies were noted from Robyn Dewis (Acting Director of Public Health, Derby City Council), Helen Moss, Individual Decisions and Project Manager (DDCCG), Ellie Houlston, (DCC), Parminder Jutla (joined meeting at 10:41am)	

3         Minutes and Key Messages from the last meeting           SH continued that no minutes were available for the previous meeting as papers were circulated and agreed virtually, with the CPAG Bulletin replacing the formal minutes. Future meetings to be held quarterly via MS teams with papers circulated for virtual agreement for meetings in the intervening months.           4         Matters Arising/Summary           4ai. Evidence Based Interventions Two (EBI2) – progress to date           21/57         TG presented an update on the Evidence Based Interventions List 2 Guidance.           CPAG guide and update on the Evidence Based Interventions List 2 Guidance.           CPAG were asked to note the progress which has been made to date for the 31 EBI2 Interventions.           A discussion took place as to whether Planned Care are aware of the work that is currently being undertaken by CPAG. SD advised the group that the coversheet does include a section on links with other departments i.e. Contracting, Planned Care finance. As Contracting present Planned Care at CPAG meetings HW agreed to provide feedback to Planned Care.           HW updated members on the current position regarding providers. Currently there are no contracts in place for 21/22 and the CCG is not running financial contractual challenges. It has been confirmed that contract negotiations will commence in September with a view to negotiating and signing contracts for the following year. Part of the discussions include national policies such as, Evidence Based Interventions its that haven't been contractually implemented.           Actions:         • Paper approve to be tabled at CLCC for information         AB/HM AB	4 N CPAG 4 21/57 T C	SH confirmed that no minutes were available for the previous meeting as papers were circulated and agreed virtually, with the CPAG Bulletin replacing the formal minutes. Future meetings to be held quarterly via MS teams with papers circulated for virtual agreement for meetings in the intervening months. Matters Arising/Summary 4ai. Evidence Based Interventions Two (EBI2) – progress to date	
CPAG 21/57       4ai. Evidence Based Interventions Two (EBI2) – progress to date TG presented an update on the Evidence Based Interventions List 2 Guidance.         CPAG were asked to note the progress which has been made to date for the 31 EBI2 Interventions.       A discussion took place as to whether Planned Care are aware of the work that is currently being undertaken by CPAG. SD advised the group that the coversheet does include a section on links with other departments i.e. Contracting, Planned Care finance. As Contracting represent Planned Care at CPAG meetings HW agreed to provide feedback to Planned Care.         HW updated members on the current position regarding providers. Currently there are no contracts in place for 21/22 and the CCG is not running financial contractual challenges. It has been confirmed that contract negotiations will commence in September with a view to negotiating and signing contracts for the following year. Part of the discussions include national policies such as, Evidence Based Interventions that haven't been contractually implemented.         Actions:       • Paper approve to be tabled at CLCC for information • Add to Bulletin       AB/HM AB         4bi. Evidence-Based Interventions (EBI2) Guidance – review of Section 3 – pathways (part 1)       CPAG were asked to review Section 3.1 of the EBI2 Interventions and agree that the interventions listed in the paper do not require a DDCCG policy/position statement as they are procedures that form part of a clinical pathway.         CPAG approved the paper and agreed we have assurance from providers they are compliant with the EBI2 proposals, as they form part of an overall pathway and will be forwarded to appropriate teams e.g. planned care, contracting, long term conditions or Shared Care Pathology for actioning. <td>CPAG <u>4</u> 21/57 T C</td> <td>4ai. The a Follov Surgi an ov Policy requir	Above paper was presented by TG. wing the recent review of the Surgical Removal of Lipoma/Lipomata Policy and the ical Removal of Epidermoid and Pilar Cysts Policy, it has been identified that there is verlap between these individual policies and the Removal of Benign Skin Lesions y. This overlap needs addressing as the restrictive criteria are not aligned and res clarification for our clinician stakeholders. The Removal of Benign Skin Lesions y has been updated with the following:	
•	<ul> <li>HW to present to Planned Care and Primary Care Groups</li> <li>Paper approved – table at CLCC to note</li> <li>Add section 3.1 to Bulletin</li> <li>Inform stakeholders</li> </ul>	TG HW AB AB/HM AB
guida depar		
Plann	CPAG Chair and Clinicians asked for a paper to be produced to inform Primary Care, ned Care and Contracting of the work that CPAG has carried out with our main ders to provide assurance that practices are aligned across the system.	

	TG informed members that that a copy of the draft leaflets for Procedures of Limited Clinical Value /Cosmetics & Individual Funding Requests would be circulated to members of CPAG for their comments.	
6.	Bulletin	
CPAG 21/58	<ul> <li>The bulletin was approved by CPAG</li> <li>Actions: <ul> <li>Approved Bulletin to go to CLCC for ratification</li> <li>Bulletin to be uploaded onto website once ratified by CLCC</li> <li>Bulletin to be circulated to main providers and to Primary Care (via Membership Bulletin)</li> </ul> </li> </ul>	AB/HM HM AB
7.	Clinical Policies Reviewed	
CPAG	7a. Surgical Removal of Lipomas	
21/59		
	TG presented the above paper to CPAG members.	
	The Policy has come up for review and the following minor updates have been made:	
	<ul> <li>Statement under the 'Exceptions' section of the policy previously referred to lipomata. This has now been changed to soft tissue lump, in line with the UK guidelines for the management of soft tissue sarcomas wording. This is because a confirmed diagnosis of lipoma should meet the policy criteria in order for a patient to undergo surgical removal. However, where there is a soft tissue lump that has not been diagnosed as a lipoma and meets the criteria under the 'Exception' section of the policy, the patient will need to be referred to the Sarcoma Clinic via 2WW.</li> <li>Addition of intervention to policy title to provide clarity</li> </ul>	
	• Policy has been reworded and reformatted to reflect the new DDCCG organisation's clinical policy format. This includes the addition of background information, useful resources and references	
	Criteria has been reworded and reformatted for clarity	
	CPAG were also asked to consider the feedback from a clinician suggesting that Angiolipomas should also be considered as part of this policy.	
	Members approved the changes to the policy and the response to the clinician stating that Angiolipomas fall outside of this policy.	
	<ul> <li>Actions:</li> <li>Paper approved to be tabled at CLCC for ratification</li> <li>Upload onto Clinical Policies Website once ratified by CLCC</li> <li>Add to Bulletin</li> <li>Provide feedback to clinician about Angiolipomas</li> <li>Provide feedback to stakeholders</li> </ul>	AB HM AB AB AB
	10.41 PJ joined the meeting.	
	7b. Surgical Removal of Epidermoid Cysts	

	TG presented the above paper to CPAG members.		
	The policy has come up for review and the following minor changes have been made:		
	<ul> <li>Policy has been reworded and reformatted to reflect the new DDCCG organisation's clinical policy format. This includes the addition of:         <ul> <li>background information</li> <li>rationale for recommendation</li> <li>useful resources</li> <li>references</li> </ul> </li> <li>Addition of intervention to the policy name to provide clarity</li> <li>Recommendation has been reformatted for further clarity.</li> </ul>		
	CPAG members approved the changes to the policy and agreed the suggested action on clinical feedback		
	CPAG discussed the need to ensure the policy is adhered to across the system as currently the procedure is also undertaken in Primary Care.		
	Actions:
